

## TEXAS DEPARTMENT OF STATE HEALTH SERVICES

JOHN HELLERSTEDT, M.D.  
COMMISSIONER

January 10, 2022

The Hospital Survey Program in the Center for Health Statistics, Texas Department of State Health Services, has completed its analysis of hospital data for the purpose of certifying nonprofit hospitals or hospital systems for limited liability under Texas Health and Safety Code, §311.0456. Twenty-six hospitals requested certification. Each of the requesting hospitals will be notified, by mail, on the determination of whether the statutory certification requirements were met. The certification issued under Texas Health and Safety Code §311.0456 to a nonprofit hospital or hospital system takes effect on December 31, 2021, and expires on the anniversary of that date.

### Certified:

One non-profit hospital system (6 hospitals) and eleven nonprofit hospitals were determined to be eligible for certification because, based on information that they provided, they satisfied the statutory requirement of providing charity care in an amount equal to or greater than 8 percent of their net patient revenue and that they provided 40 percent or more of the charity care in their counties.
