

Texas Health Care Information Collection - THCIC
Health Facilities Numbered Letter, Volume 27 Number 5
December 20, 2024

Important Notifications Below:

Please share with all staff supporting the THCIC data collection efforts.

Multi-Factor Authentication

Beginning January 6, 2025, **Multi-Factor Authentication (MFA)** will be implemented for logging into System13. This is to ensure the sensitive information we collect is more secure, safer, and stronger.

Here is how it will affect you and it is very easy to use:

- Every time you log in you will be required to enter a 6-digit code before access is granted to your dashboard.
- This will be required for all Data Manager, Data User, Data Certifier, and Submitter Logins.

You can elect to receive this code in one of two ways:

- Either by email or
- Via an authenticator application. An authenticator application can be installed on your smartphone, and it will generate 6-digit codes.

Please ensure that your contact information is up to date and verify your authentication methods prior to the implementation date to avoid any disruption in access.

If you have any questions or need assistance with setting up MFA, the System13 support team is available to help.

HCPSC Codes for 2025

System13 has updated the allowable 2025 HCPCS codes for **Outpatient surgical/radiological procedures** collected by THCIC.

The 2025 HCPCS codes went into effect on September 1, 2024, and audits will be applied for the 3q2024 September 2024 service date claims.

<https://dshs.texas.gov/sites/default/files/thcic/OutpatientFacilities/HCPCSCodes2025.xlsx>

Physician Audits

THCIC has implemented a change to improve the requirements for capture of operating physicians in outpatient institutional claims. The logic now looks for the presence of specific surgical procedure codes as defined by the AMA and/or CMS.

To support these modifications, System13 has reaudited all 3q24 and 4q24 claims on hand.

Providers are advised to login and check for any impacts to their error counts because of these changes. Provider notifications were emailed to the facility Primary Contact from System13 regarding this issue.

For reference, this notification was initially provided to all providers via the following emailed newsletters:

May 8, 2024 Original Newsletter

<https://www.dshs.texas.gov/sites/default/files/thcic/hospitals/numberedletters/2024/Vol27No2.pdf>

June 28, 2024 Newsletter

<https://www.dshs.texas.gov/sites/default/files/thcic/hospitals/numberedletters/2024/Vol27No3.pdf>

THCIC Training

THCIC provides free online trainings on the data reporting processes that are required of all Texas hospitals, ASCs, and FEMCs.

Postings for online training dates may be viewed at:

<https://dshs.texas.gov/thcic/Training.shtm>

Signing up for training is limitless and refresher training is encouraged.

THCIC highly recommends and encourages all facility staff involved with the THCIC state data reporting to sign up for training. **Please feel free to request customized training for you and your staff at no cost!**

To attend the online training(s) **or order a customized training**, please send inquiries to: thcichelp@dshs.texas.gov.

For help or general questions on Submission, Correction, and Certification please contact THCIC at: thcichelp@dshs.texas.gov

Upcoming Due Dates

Activity	Q2 2024	Q3 2024	Q4 2024
Quarterly data submission due no later than	9/2/2024	12/2/2024	3/3/2025
Free Error corrections ends	11/1/2024	2/3/2025	5/1/2025
Facility certification files available by	12/2/2024	3/3/2025	6/2/2025
Certification/comments due no later than	1/15/2025	4/15/2025	7/15/2025

The THCIC **Reporting Schedule** for **all** due dates may be found at: <http://www.dshs.texas.gov/THCIC/datareportingschedule.shtm>

Videos for Troubleshooting

System13 has created several "You Tube" videos covering several topics on THCIC data reporting and data errors.

[Allowed File Upload formats](#)

[Claim Entry \(Manual Data Entry\) - How to enter claims](#)

[Claim Correction - How to correct errors](#)

[Explaining the THCIC Required Codes List](#)

[Institutional -vs- Professional format](#)

[Social Security Number \(SSN\), Race, And Ethnicity issues](#)

[Troubleshooting 837 Submission Files](#)

[Correcting Physician Errors](#)

[Diagnosis \(manifest\) codes, E-Code, and POA Errors](#)

[Patient Control Number Errors](#)

[How To Certify](#)

Did You Know?

- A new Frequency of Error Report (**FER**) should always be generated after data corrections have been made to ensure no errors were overlooked.
- A **Summary Report** should always be generated and reviewed each time data are submitted, and again after data corrections and before the certification phase begins.
- **Provider Primary Contacts/Data Managers** must always keep their Logins active. Failure to log in at least **every 60 days to reset your password** may cause a temporary deactivation of your account for security purposes. **Data Manager Logins may never be shared.**
- All Data User and Data Certifier login passwords MUST be reset every 60 days in our system and may never be shared.
- Your quarterly **certification “comments”** are **PUBLICLY** released as written. Use caution. You should **never** provide physician or patient identifying information in a certification comment.
- **Emailing of Personal Identifying Information (PII) or Sensitive Personal Information (SPI)**, even if the email is encrypted, may not be protected by all systems the data may pass through.

Always contact the recipient first to inquire if emailing this type of information is acceptable.

- The **“Accept as is”** function in the data correction functionality **does not** correct an error. It only clears the notification of all the errors in the claim itself. The errors still count against the total accuracy rate in the **FER** unless it is properly corrected through the Correction Tab, or by submitting a corrected claim batch file through the system.
